SUMMARY

IT student with a strong background in creating user-friendly websites and ensuring they work reliably. With experience leading technical teams for school projects and managing media operations, combines creative design with a focus on quality to deliver effective digital solutions.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript, React, Tailwind
Backend Development: Node.js, PHP, Laravel, Python, MySQL
Design & UI/UX: Figma, Adobe Photoshop, Adobe Lightroom, Canva
DevOps & Tools: Git/GitHub, Antigravity, Vercel, Meta Business Suite

PROJECT EXPERIENCE

Fullstack Developer
SmiskiVerse (E-commerce Website) **November 2025 – Present**

- Developed a high-performance e-commerce platform dedicated to blind box collectibles using PHP (Laravel) and MySQL.
- Designed a modern, high-contrast user interface with Tailwind CSS, prioritizing professional aesthetics and seamless user navigation.
- Integrated essential e-commerce features such as product listings and database management to ensure a smooth shopping experience.

Quality Assurance, Lead UI/UX Design
FEU-OSDMS (Office of Student Discipline Management System) **September 2025 – Present**

- Lead the design of the system interface using Figma, focusing on intuitive layouts and user-centered design.
- Served as the QA Lead, identifying system errors and ensuring the project met technical standards before presentation.
- Managed team workflows and milestones to ensure the project stayed on schedule.

Frontend Developer
Alban Memorial Foundation (Charity Website) **March 2025**

- Developed a responsive and professional landing page for a non-profit organization using PHP/HTML and Tailwind CSS.
- Focused on accessibility and modern UI design to help the foundation effectively showcase their mission and reach potential donors.

LEADERSHIP & OTHER EXPERIENCE

Associate Editor-in-Chief **May 2023 – Present**
Kuhaku Media

- Co-lead an 11-person media team for pop culture and art event coverage.
- Oversee Professional Photography, Visual Content Strategy, and Partnership Management.
- Verify all digital content prior to publication to ensure brand consistency and quality.
